RESILOC
Accelerating the implementation
of the Sendai Framework for DRR
at the local level:

RESILOC

Empowering communities in Europe to
assess their local resilience and develop
strategies to improve it. (Target E)

- Enabling sustainable local employment
(using Local Resilience Teams (LRTs))
- Operationalising community resilience
using local resilience multi-actors and
innovative governance tools
- Developing local resilience strategies
based on a holistic multi-stakeholder
approach
